

NUTS NOTES

Vol 13 No 3 Editor: A Huxtable 78 Toynbee Road LONDON SW20 8SR Autumn 1975

EDITORIAL

As you probably know, Barry Dowden died on 10 September; he was 46. His death was another grievous loss to the NUTS (the fourth in 2 years). A message of sympathy was sent to Sheila Dowden on behalf of the organisation.

The first NUTS film evening will be held at the Fox-Rank Preview Theatre, 127 Wardour Street, LONDON W1V 4AD, on Friday 5 March 1976 at 7pm. The programme, which has not yet been finalised, will be introduced by Tom McNab. Since the hire cost of the cinema will be £42.12 (including VAT) and the hire of films will cost in the region of £20, it is essential that we fill all 60 seats. You will find enclosed a booking form and I should be pleased if you could return this as soon as possible together with the appropriate remittance.

And, finally, a reminder that the new categories of membership (Active and Associate) come into force in 1976. As the "split" will not be decided until the EC meeting on 16 January, payment of your subscription should be deferred.

MISCELLANY

§ Clichés I'd rather not see or hear in 1976: grassroots, That's what it's all about, no way, at this present moment in time, hopefully. Let me know of any others!

§ We should like to note the following births and congratulate the respective parents:

John David Terry	28 Dec 74	3.714kg
Michael Robert Matthews	1 Nov 75	3.575kg

§ A cheque for £15 was sent to Alan Lindop to mark his wedding on 6 September; this represented the total of contributions by members.

§ Peter Lovesey had his first crime fiction work "Wobble to Death" (see NUTS Notes, Vol 8 No 1, Vol 9 No 2 and Vol 10 No 2) broadcast on BBC Radio 4 on 6 December; this was the second of his works to be dramatised (see NUTS Notes, Vol 11 No 1).

§ Anyone who would like to officiate at the Alpha/Beta Women's trophies meeting at Enfield on 17 April (1.30pm) should contact:
Mrs I E Armitage, 63 London Road, ENFIELD, Middx EN2 6EP (01-363 6266).

§ Ian Steedman had "a very successful holiday cum athletics trip in Toronto: taking the bronze medal for 110mH (Class 1B 45-49) in the World Masters T&F Championships behind Jack Greenwood and Jay Wallace (both USA). Times were 15.6, 17.8, 19.2. I also ran in 100m (5th heat 13.0), 400mH (7th 72.1 - disastrous!) and pentathlon (10th 1136pts, 472 2242 27.8 1852 6:03.9). Another NUTS member, Maeve Kyle, was in Class 1W (40-49) 100m (4th 12.4w) and 400m (2nd 61.2)."

Congratulations to both of you on excellent performances!

§ Malcolm Warburton had a good 1975 season as the following marks show:

400m	54.9 (2)	9 Aug Stretford	3000m	8:57.0 (15)	19 Jul Bolton
800m	1:59.5 (4)	19 Jul Bolton	5000m	15:32.0 (18)	5 Aug Stretford
1500m	3:58.1 (7)	26 Jul Stretford	400mH	65.3 (4)	18 Jun Blackburn

§ As a compulsive buyer of the "Guinness Book of Records", I was pleased to notice in the latest (22nd edition) that Colin Young gets a mention (p334) as the only Briton to have completed the Strasbourg-Paris race. Colin was responsible for the material on walking appearing in "The Oxford Companion to Sports and Games" (ed. John Arlott, OUP £8.50).

§ Here are some more votes in the World Top 30 (or thereabouts) since 1945; Stan Greenberg on the left (in no particular order) and Rob Cole on the right.

ALAN ROSS McWHIRTER

12. 8.25.- 27.11.75

It is probably no exaggeration to say that, without the stimulus of "Athletics World" from 1952-57 and the subsequent encouragement given by its editors, the NUTS would not have been formed. Ross McWhirter was, with elder (by 20 minutes) monozygotic twin Norris, author of the pioneering "Get to your Marks!" (1951). In 1952 they started a new monthly magazine, printed initially by offset-litho, but it regrettably ceased publication because of an increasing commitment to the "Guinness Book of Records", the first edition of which had appeared in 1955. Ross and Norris were the sons of Wm A McWhirter, formerly editor of the "Daily Mail", and the grandsons of Wm McWhirter, inventor of the volt-meter and ammeter. They were educated at Marlborough College and Trinity College, Oxford; both served in the RNVR from 1943-46 in the Atlantic and Pacific. Ross had best performances of 10.1 (100y) and 22.4 (220y); he ran second leg (and Norris third) in an OUAC team which set a UK club best for 4x100m of 42.0 at Hanover on 13. 8.47. He also ran third leg (Norris the anchor) in the Achilles C team which won the AAA 4x110y title in 1948. He was rugby union, lawn tennis, and athletics correspondent of the "Star" from 1951-60 and subsequently (until 1962) on the "Evening News". He served on the committee of the Sports Writers' Association from 1953-63, filling successively the offices of secretary, vice-chairman, and chairman. He stood as a Conservative candidate in the 1964 General Election.

1948 Olympics

As mentioned earlier, photo-electric timing was not used at Wembley. (The first such system, developed by Bulova in America, made its debut early in 1948, but too late to be considered for the Games.) There was, however, a form of automatic timing (using a photo-electric cell), which will provide some useful data when I have completed the task of reading the films. Meanwhile, some interesting facts have come to light, in particular regarding incorrect placings. In those days, the photo-finish was used only when called for by the judges, and mistakes thus crept through unchecked. (One of the great advantages of photo-finish is that, even after so many years, such errors can be detected.) Most important of these concerned the bronze medal in the women's 200m, awarded to Patterson (USA) whereas the photo shows quite clearly that Shirley Strickland (de la Hunty) was third. No doubt Shirley would not worry too much now about adding to her rich hoard of medals (3 Golds, 1 Silver and 3 Bronzes), but at least the official record-book should be put right.

Olympic Decathlons

Automatic timing has an important effect on the scoring of decathlons, particularly considering the extent of the errors in manual timing revealed by the above data. I am attempting to re-score the three Olympic events, and will issue the results at a later date. Unfortunately this will not be conclusive in the case of Rome, since the camera was not used for the 400m and 1500m on that occasion.

STOP PRESS!!

FILM EVENING
We have now finalised the programme
(see Editorial) and an information
sheet is enclosed together with a
booking form.

1976 ANNUAL
Bob Sparks thanks all members for
their excellent co-operation in
supplying 1975 lists and index
cards.
