

# COBHAM HALL – 18 FEBRUARY 2014

This is the School. It's a £12 taxi-ride from Gravesend Station – by car it's just off the A2 and the postcode is DA12 3BL. In the left hand photo you'll see the driveway. Reception is on the left hand side of a white arch – can see the arch under the tree in the left hand photo.

The collection is on two floors. What follows is a series of photos of the collection and some notes.

General comments: There's a lot of magnificent material and it's certain anyone using this collection will get truly side-tracked with fascinating stuff!

Broadly speaking

GROUND FLOOR: is books, championships, coaching/biographies/medical and fitness and a mass of results, notes etc

FIRST FLOOR – is stats books and publications and the magazine collections (AW, Leichtathletik, Track and Field news)

This might change once we get started on sorting it all out.

I hope this guide will be useful for anyone going in the near future. It's all going to be quite an undertaking eventually!

Huge collection of books marked “books to move on – not for archive”. Look like general sports, fitness stuff rather than athletics

Then – programmes on the top shelf and some AWs (loose) on the bottom shelf.

## TOP FLOOR

Right hand shelves (top floor)

Small collection of UK and international stats – many French stats – this section could certainly be moved onto the main wall to create more space.

## TOP FLOOR

Back Wall – overlooking downstairs area (see window at the back of this photo)

Combination of bound publications – to the right more Leichathletiks and a Track and Field News collection.

To the left, bound volumes of Athletics Weekly
